By October 18, 2017

### **Jasminka M. Criley**

*Our schools and teachers play an enormous role in developing happy, healthy, well-rounded and successful children. We are blessed to live in a community with broad and deep parental involvement in our schools.*

*My involvement in this district started when our children were in kindergarten. My husband and I developed our first science workshop to bring children the surprise and delight of science discovery nine years ago. Since then, we have created over 30 science sessions for both in-class and for after-school GATE enrichment.*

*We identified a need for hands-on science and critical thinking, to give students the experience of walking in the shoes of a professional—be it a climatologist analyzing satellite data on the Sierra snowpack, or a physician trying to solve a medical mystery. We care deeply about our schools and our students and are dedicating our time to enrich their lives.*

*I have served on the site council for Lunada Bay Elementary, the GATE councils for Lunada Bay and PVIS, and presently serve on the WASC accreditation committee for PVHS.*

*My husband grew up here and is a Sea King. His parents still live here. We are mindful of our school's history, as well as the challenges that it faces going forward. I am committed to working with teachers, parents, and administrators to build a world-class education for all students.*

*I would be honored to serve on the School Site Council, bringing my skills from higher education. I will work hard to support PVHS in its mission for the academic success and emotional well-being of all students at PVHS.*

### **Larry Liu**

*By way of background, I am an attorney and have lived in RPV for the last eight years. I also grew up in RPV, having lived here from 1969 until 1986 when I graduated high school and went off to college. My mother continued to live in RPV and still does to this day. As an aside, I attended UC Berkeley for undergrad and Notre Dame for law school; my law practice focuses primarily on construction and insurance issues.*

*In turn, I attended Vista Grande Elementary, Ridgecrest Intermediate, and Rolling Hills High (which is now Peninsula High). My son, Jared, is currently a freshman at PVHS, and also attended Vista Grande Elementary and Ridgecrest Intermediate.*

*Finally, I currently serve on the RPV Traffic Safety Committee and the PVPUSD LCAP Committee. I previously served on the Vista Grande School Site Council when I son was in 5th grade.*
