

## PVHS SCHOOL SITE COUNCIL CANDIDATES

Email your VOTE to [kelleyj@pvpusd.net](mailto:kelleyj@pvpusd.net)

By October 5, 2018

### **Sylvia Maciá Shafieezadeh**

*My name is Sylvia Maciá Shafieezadeh and I have a Senior and a Freshman at PVHS and seek your support for a position on our School's Site Council.*

*I have been an active member of both the PTSA, PTSA Board and Booster Club for four years (as well as over ten years in Elementary, and Middle School levels). I am currently your PVHS 4th VP for Emergency Preparedness and Community Service. At the PVPUSD Council of PTA level I am currently 3rd VP for Education.*

*Having become very familiar with the students, campus, and the staffs' needs I would like to lend my expertise to the Site Council to the benefit of our community at PVHS.*

*Balancing finite resources and competing needs and wants is a difficult endeavor for any organization. My skills, developed during my career as a business management consultant, especially listening, root cause analysis, budgeting/prioritization, and developing creative solutions are key.*

*Please put me to work for our Sea Kings on the Site Council with your vote.*

*Vote for Sylvia Maciá Shafieezadeh for PVHS Site Council.*

---

### **Deanne Shey**

*I feel so fortunate that our family is part of the rich, multi-faceted and inclusive PVHS community. Last year, I served as the Recording Secretary for the School Site Council. It was such a positive experience to have one space where the leadership of the administration, faculty, student organizations, staff, parent groups, School Board and community could come together to share diverse perspectives and work in common cause.*

*I'm inspired by the creativity fostered by this approach to furthering our mutual goal of enriching the educational experience of our students. This is such an important ongoing process comprised of so many different facets of development -the mind, body, character, values, integrity and community all of which are entrusted to us during these important years of high school.*

*This year, as 3rd VP of the PTSA, I'm thrilled to be able to participate in some of the stellar academic programs offered at PVHS. In my previous professional life as well as work on a number of non-profit boards, I've been privileged to work with many volunteers, passionate about education, who give so selflessly of their time and talent.*

*I love this time in life of our students. They have such rich potential for positive growth. Its such an wonderful age. They are at the cusp of coming into their own, knowing their strength, having the autonomy and power to use their abilities for good in the world.*

*I've taught undergraduate courses in Art History, Cultural History, and Visual studies at both USC and UCLA where I was once an undergrad myself. I studied abroad at the University of Freiburg in Germany, and at universities in both Paris and Lyon, France. If elected, I feel I could bring all these experiences to bear on my work with the School Site Council.*

---

### **Kathleen Warner**

*I grew up in Palos Verdes, attended elementary, middle school and high school here on the peninsula. I have a 6th grade daughter at PVIS and freshman son at PVHS and look forward to working closely with the new administration. Having worked at Mattel Inc for the past 20 years, my background in operations, finance and strategic planning, would all be applicable to this position. Thank you for your consideration.*
