

DAILY BULLETIN: Monday, February 25, 2019 (B-day)

A NOTE FROM THE DISTRICT OFFICE REGARDING ASSESSMENTS:

PVPUSD is committed to educational excellence through continuous improvement in the areas of instruction. This year, in collaboration with administration and teachers, schools will employ a variety of formative assessment measures that are designed to have minimal impact on classroom instructional time and will provide needed information that will guide the improvement and refinement of classroom instruction. Students will interact with a range of sample question types to from Interim Assessment Blocks to assist our students in their preparation for state and college testing. The California Department of Education has additional information regarding the Interim Block Assessments at <https://www.cde.ca.gov/ta/tg/sa/sbacinterimassess.asp>. Understanding the degree to which our students are learning will provide our teachers with data to evaluate and inform their instructional practice in order to reach our goal of moving each student towards mastery of grade-level standards and content skills. The utilization of assessment data will allow teachers to collaborate across and within schools to formatively align practices and to ensure equity of achievement for all students. This ongoing work will also serve to drive our District's continued professional development in the area of instruction and to help to create increased common experiences for our students across all our sites.

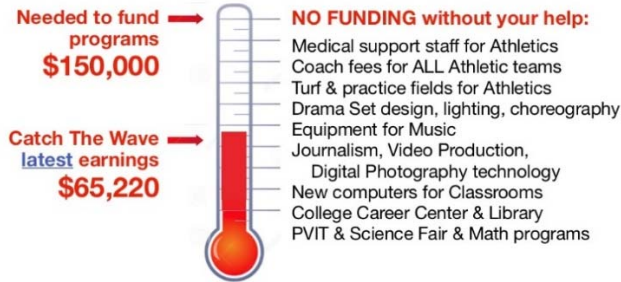

While these formative assessments are not subject to opt-out requirements as this information is not reported to any state database, we will provide opt-out options which can be reviewed at https://www.pvpusd.net/apps/pages/index.jsp?uREC_ID=376328&type=d&pREC_ID=
