Palos Verdes Students and Parents,

We want to hear from you!

As you may know, our school has recently completed an assessment of school infrastructure and the impact this has on the safety of students who walk, bike, scoot, and skate to/from school. If you were able to join us – thank you for your support.

We have an additional request, the Safe Routes to School project we are partnered with has prepared a web-survey for parents and students to complete. The web-survey seeks to answer essential questions that can be used to support applications to receive funding and make changes to improve the safety of our students.

Please complete the survey by **January 24th**.
