Leader Training and Orientation are mandatory. Training will be held August 12th and 13th OR August 14th and 15th. Orientation is tentatively scheduled for Tuesday, August 17th. Link Crew is a high school transition program that welcomes freshmen and makes them feel comfortable throughout the first year of their high school experience. Built on the belief that students can help students succeed, Link Crew trains members of the junior and senior classes to be Link Leaders. As positive role models, Link Leaders are motivators, leaders and teachers who guide the freshmen to discover what it takes to be successful during the transition to high school and help facilitate freshman success. More and more studies show that if students have a positive experience their first year in high school, their chance for success increases dramatically. The Link Crew high school transition program provides the structure for freshmen to receive support and guidance from juniors and seniors who have been through the challenges that high school poses, and understand that the transition to a larger school can sometimes be overwhelming. Link Crew begins with a powerful orientation day that makes freshmen excited and proud to be attending their new high school and allows them to begin developing relationships and strategies that will contribute to their high school success.
