One Hill Project Survey

One Hill Project is a student-led organization comprised of PVHS and Peninsula High students and led by our student school board members. The organization is looking to gather input from all students regarding mental health, academics, activities, school involvement, and sustainability of facilities. It is a [survey](#) by students for students. The One Hill Project wants to elevate the students' voices with the school board and gather as much feedback as possible regarding these topics.

The [survey](#) only takes about 4 minutes and is completely anonymous. These survey results will be shared with the Board of Education with the hope of enhancing their understanding of what is impacting high school students and providing them with student perspectives when they are making policy decisions. Please use [this link](#) to have your voice heard on these issues. The survey will also be posted on the homepage of our school's website. You will have until May 13th to complete the survey.
